

You are cordially invited to the

2015

# Strawberry Tea

CWC's traditional opening event for the year on  
**Thursday February 12th at 5pm – 7pm**

at Kate Sheppard House and Garden

83 Clyde Road, Ilam (between University of Canterbury Arts Road  
and Creyke Road)

---

**Di Lucas**, Landscape Architect, twice awarded New Zealand's  
premier landscape planning award, will talk on –  
**Our Garden City - Its Future?**

Christchurch City is currently in transition and people are  
engaged in visioning the future of this place. City planners and  
gardeners are integrating their backgrounds and assumptions  
with the new challenges that are raised by our waters, indigenous  
flora and wildlife, to provide new expressions of identity and  
heritage in our post-quake city.

We are hoping that it might be possible for a member of the  
CCC Urban Design team to respond to Di's talk prior to any  
questions from the floor.

---

*Note: This event will be one of the last public gatherings at Kate Sheppard  
House & Garden before it closes permanently at the end of April 2015.*

**5pm** Meet, Greet & Network  
**5:15pm** Strawberry Tea served on the verandah and in the garden  
**6pm** Di Lucas talks, followed by CCC Urban Planning response  
Questions to follow
